Dear Carver Students and Families,

I hope this letter finds you rested and enjoying your summer break.

The High School Office is open, and we are getting ready to welcome you back to the 2018-2019 school year. We are looking forward to an exciting and productive year together.

This school year is our 11th Year. Our school opened in the 2008-2009 school year with about 100 students on this brand new campus. It was a grand educational experiment to open the very first public Waldorf high school. We are proud of our growth and development and we are looking forward to growing and building into the next decade.

Here is some information that will enable us to be fully ready to begin on our first day of school, August 30 at 8:30.

1. **Registration for all students will take place on campus the week of August 21 to August 23.** Students and parents will complete the registration materials and contribute the materials fee at the office during the registration hours listed below. At that time students can pick up their class schedule.

Registration Drop-In Hours:

Tuesday August 21	Wednesday, August 22	Thursday, August 23
12 – 4 pm	9 am – 1 pm	4 to 7:30 pm

Orientation for all students will take place the first days of school, starting August 30, 2018 at 8:30 am. Our first day will begin with an all school welcome in the gym at 8:30. School dismisses every Thursday at 2:20—including our first day.

2. **Back to School Night for all families will be Thursday, September 13, 2018 from 6-8 pm.** You will meet the teachers, walk through the classrooms, learn about each course, and sign up for Parent Guild volunteer hours.

3. **School Lunch**

We ask that every family fill out a lunch application. Our school receives significant funding IF 50% of our families qualify for the program. Please go online to submit your application, or we will give you a form to fill out during Walk in Registration.

<http://mealapp.scusd.edu/fma/>

Parents can add money to your student's lunch account by writing a check to Nutrition Services and delivery the check to the school kitchen, or you can pre-pay online at <https://www.ezschoollpay.com/Login.aspx>

4. Summer Reading

In preparation for the coming school year, we ask that all students engage in summer reading. We believe reading widely and frequently supports learning, vocabulary building and provides hours of enjoyment. The assigned reading for each grade level serves as preparation for curriculum that you will meet during the school year. The summer reading assignments are on our website:

<http://www.carverartsandscience.org/news/CarverNews20180604.htm#c>

5. Our Four Year Curriculum

Attached is a chart of our four year curriculum. You will see that at Carver all students take four years of English, history, math, art and science. Our day and year is filled with hands on learning, artistic activity and student directed learning. We know you will find your learning exciting and fun. All students take classes that prepare them for four-year college admissions.

6. The 2018-2019 Calendar

Attached is our 2018-2019 academic calendar. It shows all holidays, half days, grading periods, and a couple of major, required events for parents and students (Back to School Night: Sept. 13; and Open House: May 2018). Many events still have yet to be scheduled like Spirit Week, Dances and Community Activities celebrating our first Decade!

School begins on Thursday morning at 8:30 am on August 30. We begin with an all school assembly welcoming teachers and students to school. The first two days are treated as Orientation for all students. There will be activities led by teachers, student council and various classes to welcome everyone back to school and introduce Carver and our community to new students.

We anticipate a year of joy, growth and achievement for all.

Welcome to the 2018-2019 school year.

Warmly,

Allegra Alessandri

STUDENT LEARNING AND ACADEMIC INTEGRITY

G.W. Carver values academic integrity as an essential component of academic excellence. Students are expected to be truthful and ethical in pursuing their learning and demonstrating their knowledge and skills.

Academic dishonesty is an act of deception in which the student claims credit for work or effort of another person or uses unauthorized materials or fabricated information in any academic work **Cheating is the act of acquiring or obtaining** academic work through fraud, deception, or dishonest acts. Examples:

- Using or referring to any sources or materials, including electronic devices, not authorized by the teacher during a quiz or test.
- Copying from someone else's test/quiz

Plagiarism is representing the work of another person as one's own work and submitting it to fulfill the academic requirements of the course. Examples:

- Submitting a written paper obtained in whole or in part from an outside source.
- Copying **any** portion of another student's assignment.

Other examples of academic dishonesty:

- Stealing examinations, tests, quizzes, or scoring keys for tests.
- Using someone else's paper to obtain credit.
- Giving your academic work to another student to plagiarize. (**Do not** give your papers to another student for **any** reason)
- Copying another student's work, but changing a few words to give the appearance of originality.

Consequences of academic dishonesty

Academic penalties will be applied in cases of cheating and plagiarism. You will receive a zero on the test, entire assignment, or quiz if caught cheating or plagiarizing. Additional consequences include but are not limited to: reduced or failing grade, "U" in citizenship, parent notification, and referral, and suspension, notification of offense in school computer record and removal/ineligibility from scholarship clubs.

I have read and understand the policy on academic integrity.
